

2024 Interim Bureau Decisions

DATE	IBD	SUBJECT	DECISION
20/10/2024	2024-15	<p>The Chair of the Dynamic Committee has requested a modification of point 5.5.2 of the Indoor Skydiving Solo Speed Competition rules, 2024 Edition.</p> <p>CURRENT RULE:</p> <p>5.5.2 Each battle will consist of two flights, each flight having its own draw. The final time is the sum of the times of the two flights, after all penalties have been applied. The Competitor with the fastest final time will win the Battle. In case of equal final times, the placings will be determined according to the number of penalties accrued during the two flights. The Competitor with the fewest penalties will earn the higher placing. In case of equal number of penalties, the Competitor(s) with the fastest time in the first round of the Qualification will earn the higher placing.</p> <p>NEW RULE:</p> <p>5.5.2 Each battle will consist of one flight except for Finals (placings 1,2,3 and 4). For Finals, each battle will consist of two flights, each flight having its own draw. The final time is the sum of the times of the two flights, after all penalties have been applied. The Competitor with the fastest final time will win the Battle. In case of equal final times, the placings will be determined according to the number of penalties accrued during the two flights. The Competitor with the fewest penalties will earn the higher placing. In case of equal number of penalties, the Competitor(s) with the fastest time in the first round of the Qualification will earn the higher placing.</p> <p>RATIONALE:</p> <p>By implementing this change the rules for Solo Speed would become more in line with Dynamic 2-Way and Dynamic 4-Way. If we do not make this change, the total competition flight time for Solo Speed would be very long compared to the other events. The organizer estimates that with a full registration (32 participants) the 1/16 final will take more than two hours to complete. We believe that this will heavily affect the ability for the judges to concentrate. This will be especially difficult for this upcoming WISC where there will be no FS. Traditionally a rotation with FS allowed for breaks for the judges.</p>	<p>The ISC Bureau has unanimously taken the decision to approve the requested rule change to point 5.5.2 of the Indoor Skydiving Solo Speed Competition Rules 2024 edition with immediate effect. This change will be incorporated in the 2025 version.</p>
