**NATIONAL AERO CLUB OF BULGARIA**  
The Bulgarian Air Sports Federation  
Member of Fédération Aéronautique Internationale (FAI)

**Official proposal  
from Bulgarian National Aeroclub**

The judging team is a team of people with special qualifications and rights to manage our competitions, to control the rules and to record the sports results achieved.

In relation to the importance of their work and given the specific weather conditions in which they sometimes perform their duties and after discussion with other NACs, we propose the following:

Each judge of the Style and Accuracy Competitions team, should receive a remuneration of €50 for each competition day.

Depending on the budget and financial situation of the ISC, the costs can be covered by the ISC or/and by the organizer. The amount is about 3 700 euros under the current rules.

I hope that this matter will be considered and that our proposal, which has been agreed with several other NACs, as well as the Style and Accuracy committee, will be taken into account.

Sincerely  
Most respectfully  
President of Bulgarian National Aeroclub  
Ani Stamenova
