<b>Scoring Equipment Used:</b>	Skylab Cirkuits SkyScore for Accuracy SkayCam and Style Score for Style																																													
<b>Details of the Judges Work:</b> <i>(including judging statistics)</i>	<p>Accuracy jumps: 1588 including 21 rejudges (all wind). No rejudges (technical) due to AMD failure.</p> <p>Total style jumps: 207, no rejudges.</p> <p>Darko Svetina and Gerhard Wagner – they helped as an observer judge in 3<sup>rd</sup> male's round (total 27 style jumps for them).</p> <p>Michel Jara after competition conducted a video style training. Brun de Paoli, Maylin Sanchez and Sanimir Handanagic, they participated in this.</p> <p>After completing the video training, Brun de Paoli and Maylin Sanchez they passed the written test and video style test.</p> <p>The work of the judges was very professional. Although the judges' work lasted several hours a day and in difficult conditions there were no</p>																																													
	complaints. EJ. Jana and Gerhard created very nice atmosphere through their approach to work.																																													
<b>Recommendations for Organisers:</b>	Have the knowledge and skills to organize FCE.																																													
<b>Rule Changes – Proposals:</b>	I will send proposal to S&A committee for discussion.

<b>Personal Remarks:</b>	<p>Problem with transporting judges after arrival and before return (from and to the airport).</p> <p>For a long time before the competition, the assistant CJ. was not appointed. Than a young inexperienced jumper was appointed. At this point Jana Matejkinova proved to be very effective (as a EJ style and as „ assistant CJ”). In my opinion, the commitment and great work that Jana did, and her professionalism, predisposes her for the role of Chief Judge in FCE.</p> <p>After technical briefing and clarifying certain matters with the MD and manifest, the organization and course of competition took place normally.</p> <p>Food: breakfast and dinner at the hotel, lunch at the DZ. (catering)</p> <p>Pilots: very good work for Accuracy and Style.</p> <p>Transport: very well for judges.</p> <p>The judging system both in style and accuracy worked very well.</p> <p>Style: working very well, experienced cameraman and perfect cooperation between technic and EJ, judges and acc.crew. Handed by Rudi Janda and Sascha Lasotta. (no rejudges).</p> <p>ACC was: AMD super. No technical rejudges. Handed by Sretenka and Milos Jankovic but Milos results system was as bad as it was in Ravenna. Very late results and manual Overall, has to be better next time !.</p> <p>My suggestions:</p> <ol style="list-style-type: none"> <li>1. A specific definition in the code of the arrival time of the judges before the competition, for example 48 hours or 72 hours before the official opening or before the first official briefing.</li> <li>2. The organizer is obliged to provide transport from airport to hotel, and to the airport after the championship.</li> <li>3. Increasing the number of judges to 17 people.</li> <li>4. Due to the fact that the work of judges is hard and long during the day, I propose payment for a day's work (what is the daily rate topic for discussion f.e. 20 euro).</li> <li>5. Equipping judges with T-shirts and caps.</li> </ol> <p>Finally, I would like to thank Zeljko Tanaskovic and Ulf Tingnert for their help.</p>
<p>In accordance with the Sporting code Section 5, 6.7.1(5) this form is to be completed and sent to the Chair of the Judge's Committee and the ISC Recording Secretary within 30 days of the competition's completion.</p>	

**75<sup>th</sup> FAI/ISC PLENARY MEETING, 1-2 FEBRUARY 2025, ROME. ITALY**
