ISC Judge Video Librarian Report - 2024
by Tamara Koyn, acting ISC Judge Video Librarian
November 2024

The previous ISC Judge Video Librarian report was for 2023, Agenda 19.2.

2024 FAI Sporting Code - Section 5 (SC S5):
4.9.3. Recording Media, 6.2, 6.2.3.2(ii)(a), and 6.9

If there are any questions, please contact ISC Librarian Tamara <Tamara@Koyn.com> and Zeljko Tanaskovic <zeljko@zeltan.org>, Chair of the ISC Judges' Committee.

In addition to providing for SC S5, the purpose of the ISC Library includes maintaining a thorough archive of past competitions, as well as maintaining a complete resource for ISC judge training courses.

2024 Status:

1) On September 17, 2020, it was announced on the FAI web site that FAI/ISC judges may receive free access to the ISC Library. This allows FAI/ISC judges to refresh their judging skills. This program is still available.

https://www.fai.org/news/isc-judge-training-opportunities?type=node&id=24670

2) For 2024, WeTransfer (cloud storage) subscription for one year was purchased for the ISC Library.

3) Since 2023 Agenda 19.2, the following competitions were added to the ISC Library.

5th FAI World Cup of Indoor Skydiving
GoAirborne - Macau, China
April 17-20, 2024
(Note: Free routine videos in Dynamic did not include music.)

38th FAI World Style & Accuracy Landing Championships
12th FAI Junior World Style & Accuracy Landing Championships
21st FAI World Canopy Formation Championships
JUMP-TANDEM SKYDIVING CENTRE - Prostejov, Czech Republic
August 31 - September 7, 2024

26th FAI World Formation Skydiving Championships
15th FAI World Artistic Events Championships
5th FAI World Wingsuit Flying Championships
5th FAI World Speed Skydiving Championships
Crystal Coast Skydiving - Beaufort, NC, U.S.A.
October 5-11, 2024

At the time of this report, the data for the following CP freestyle event has been provided. The data for CP Distance, Speed and Zone Accuracy is not expected to be included in the ISC Library for 2024. For the case, when the classic CP events are included, the .DAV file format for multicamera playback functions should be considered suitable for surveillance video in SC S5 4.9.3. Recording Media.

10th FAI World Canopy Piloting Championships and
4th FAI World Canopy Piloting Freestyle Championships
Skydive Pretoria - South Africa
September 24 - 30, 2024

```

Note: 2013 DIPC4, 2014 DIPC5 and 2018 WCIS freestyle with music are available ONLY for FAI judge training courses and evaluations.

Anyone conducting a course or evaluation should communicate with Zeljko Tanaskovic and the ISC Judge Video Librarian to request videos, data, and documents.

Important! Course instructors need request materials at least 4 weeks before their course so materials may be provided on time! These files are large. Even though competitions can now be made available via internet download (with lower resolution videos), a strong internet connection is required for a course instructor to be able to download competitions in a timely manner. It still may be necessary to ship a hard drive with needed content.

75th FAI/ISC PLENARY MEETING, 1-2 FEBRUARY 2025, ROME. ITALY

SUBJECT:	Judges Committee – Judge Video Librarian Report	*AGENDA #*	19.2
AUTHOR:	Tamara Koyn, ISC Judge Video Librarian		
DATE:	29 November 2024	*PAGES:*	Page **3** of **5**

5) FAI/ISC USB 3.0 "shuttle" hard drives:

There are currently three (3) "shuttle" hard drives:
-two (2) 1 TB HD, and
-one (1) 500 GB HD
-one (1) 3 TB HD (former master HD with Zeljko)

The one (1) 2 TB HD developed hardware problems...expect that the ISC Library may have to purchase a replacement 2 TB HD sometime during 2025.

2024 ISC Judge Video Librarian Expenses:

$120.00 USD - March 13, 2024 - One-year WeTransfer

$16.45 USD - September 19, 2023 - reimburse Jami Pillasch postage for return shipping of FAI/ISC "shuttle" HD with 2024 WSIC data

Discussion Points for 2024:

1) The ISC President, Alberto, would like to discuss what other content should be included in the ISC Library.

2) There should be a segment of the ISC Library for materials reserved for and available only for judge training and courses. For example, in Dynamic, the CRs don't require "publishing" the difficulty scores for free routines (thus, these for 2024 are NOT in the Library). However, an instructor of a course should be able to have access to these via the ISC Library. Committees should be encouraged to submit content to the ISC Library reserved ONLY for judge training purposes/courses.

3) Regarding archiving Competition and Performance records: Currently, the ISC Library still does not have any media nor documentation of Competition and Performance records.

Checklists for Collecting Competition Data for the ISC Library

These checklists are SUBJECT to CHANGE depending on specifics of each scheduled competition.

For EVERY event, the log of any reflights/rejumps.

Conclusion

Competition videos, data, and pertinent documents are essential for developing judge skills and improving scoring systems as well as for competitors and future competitors to develop their skills. These materials are reliably available through the ISC Judge Video Library. And we want to preserve history.

I thank you for your time to read my report.
