

CP Rule changes proposals for approval ISP Plenary 2025

Closed course—If for any reason the Chief Judge (CJ), Event Judge (EJ) or the FAI Controller decides to close the course, an orange smoke canister and/or other suitable indicators will be placed at the beginning of the course or in another appropriate location. The indicator type and location will be described during the pre-event competitors' briefing. **The smoke canisters and other indicators must be of the same type as described and used in the course closing drill.**

Clarification of the wording above

AIW—Additional individual weight that a competitor can carry ~~as determined by the chart in Annex E.~~ **in accordance with Addendum E.**

Housekeeping correcting Annex to Addendum

Camera Operator—The person responsible for setting up the video judging cameras and operations of the video camera system.

Adding definition of camera operator

3.4.3 The minimum number of rounds required for a valid event is one round. ~~A valid competition requires a valid event in either Speed, Distance or Zone Accuracy.~~

3.4.3. A combined champion may only be declared if there is valid round in each of Speed, Distance and Zone Accuracy.

Clarification of the intent of the rule.

3.4.4 The competition will run for a maximum of ~~six~~ seven days, D1 OPP, D2 OPP and Opening Ceremony, D3 + D4 + D5 + D6 Competition days, D7 Competition day and Closing Ceremony.

3.4.4. The competition will run for not less than five days and a maximum of seven days, D1 OPP, D2 OPP and Opening Ceremony, D3 + D4 + D5 (+ D6, +D7) competition days and Closing Ceremony.

Clarifying the competition duration

4.2.5 Full Drag Distance: To navigate a parachute as far as possible from the entry gate by dragging water at or before the leading edge of G1, touching water in each of WZ1 to WZ5, flying through G7 (positioned 20m after the end of WZ5), and landing within the boundaries of the course. See §6.1 and §6.5 for additional requirements regarding scoring.

Adding description omitted from rules last year

5.4.2 ~~The organiser must provide the opportunity for practice jumps for the competitors on the event courses during the OPP.~~ The schedule and details of the different event courses must be agreed by the CJ and the Meet Director and be announced at the beginning of each day so that competitors and judges may take advantage of the training period. ~~Only the announced event may be trained in the announced times. Free time frames may also be announced for competitors to train any event of their choice.~~

5.4.2 The organiser must provide the opportunity to do practice jumps for all events during the OPP. The schedule, any restrictions and details of the different event courses must be agreed by the CJ and the Meet Director and be announced at the beginning of each day so that competitors and judges may take advantage of the training period.

Housekeeping. Clarifying that any training may occur during the training period

6.5.3 Off-course landing (OC) applies. Vertical extension (VE) will be applied at G5 at 50 metres.

6.5.3 Penalties applies at Drag Distance 50m:

6.5.3.1 Off-course landing (OC) applies

6.5.3.2 Vertical extension (VE) and Out-flying (OF) will be applied at G5 at 50 metres.

To clarify flying around G5 is not allowed

7.1.3.1 The Organiser must provide and assign ~~four (4)~~ additional persons to assist the judges during the competition. They should preferably have at least local CP judge ratings. If any of these persons are not a CP judge, they should be vetted before being accepted for the position. These persons must be made available to and approved by the CJ, no later than the day before the OPP starts.

7.1.3.1 The Organiser must provide and assign two (2) additional persons to assist the judges during the competition. At least one of these helpers must be able to set up and operate the video judging system. They should preferably have at least a local CP judge rating. If any of these persons are not a CP judge, they should be vetted before being accepted for the position. These persons must be made available for and approved by the CJ, no later than the day before the OPP starts.

Additional duties for the additional persons. The number has also been reduced from 4 to 2 additional persons due to the increase in judges in previous years

8.1.5 After the competition, the camera operator is responsible for submitting the relevant competition videos to the relevant persons, as per Sporting Code: Section 5.

Adding who is responsible for submitting the competition videos to the relevant persons.

Addendum A

A.2 All courses must be 10 metres wide over the total length of the course.

A.2 All courses built after 2024 must be 10 metres wide (+- 20cm) as measured between the insides of the upright section of the marker, ignoring the base, over the total length of the course.

The drawings in Addendum F, F1.1, F1.2, F2.1, F2.2, F3 will also be changed

Clarity and intention of standardisation of a course. The date is included above as we do not expect legacy courses to make a change to their ponds. Most ponds are constructed as per above requirements, but there are a few that do not meet this requirement. The intention is to standardise the measurement moving forward. The change to the drawings is made to reflect A2 more clearly.

Addendum B

B.1.7 After the G5 a sufficient amount of landing area must be available to allow for safe landings. The size of the landing area must be acceptable to the CJ.

B.1.7 After the G5 a sufficient amount of landing area must be available to allow for safe landings. The size of the landing area must be acceptable to the CJ, FAI Controller and MD.

A larger landing area is needed at the end of the speed course due to higher speeds of the canopies. MD and FAI Controller added to the decision making, as this is a potential safety issue.
