

## *S&AL final approved by plenary*

### *ISC Rome 2025*

#### *Conan*

### **3. The events**

#### **3.1. The First category events will comprise the following disciplines:**

- Team Accuracy Landing
- Individual Accuracy Landing
- Style
- Junior Individual Accuracy Landing
- Junior Style

A separate classification for men and women is made in all events.

A junior competitor is a competitor under the age of 24 years or whose 24<sup>nd</sup> birthday occurs during the calendar year in which the relevant competition takes place.

3.2. All other events under the supervision of the FAI can be organized after approval, also for individual disciplines.

- Clear commitment to the alignment of both disciplines on FCE
- More scope for applications for second category or other competitions.
- Making it easier to decide whether to apply in the disciplines of accuracy and/or style

Point 3.2. becomes point 3.3.

Point 3.2.1. becomes point 3.3.1

Point 3.2.2. becomes point 3.3.2

Point 3.3. becomes point 3.4.

7.2.2.1. The top 30 male and 15 female placements (including ties), plus all male and female junior competitors continue into the semi-final (round 9) after round 8.

All other male and female juniors also continue into round 9 for junior classification only.

For clarification. Juniors who are not placed in the top 30 male or top 15 female do not make a semi-final

7.2.2.2. The top 15 male and the 8 female placements (including ties), plus all male and female junior competitors in round 9 (semi-final) advance to the final round.

All other male and female juniors also continue into round 10 for junior classification only.

For clarification. Juniors who are not placed in the top 15 male or top 8 female do not make a final.

7.2.2.3. For all other male and female juniors who do not qualify for the semi- and/or final round, the male/female competition ends after 8 rounds and they are listed in the results list with their score behind the semi- final participants.

The final result in the junior ranking is determined from all jumps including the round 9 and 10 of all the juniors.

To avoid any misunderstandings, juniors who participate in round 9 or round 10 for the junior classification cannot receive a higher rank in the male / female rankings.

Point 7.2.2.3. becomes point 7.2.2.4.

7.2.2.5. (If 7.2.2.4) is applied, the junior competition ends after the number of completed rounds. If there are any juniors who made it into this early final round, their placing can also change there in the junior classification.

For classification.

7.2.2.6. Scores of additional male and female juniors who continued into round 9 and 10 are used for junior classification only.

For classification.

~~7.3.1. and 7.3.2.~~

Not used anymore, remnant of old rules

7.3.1. Each delegation at World Skydiving Championships or Continental Championships may be comprised of:

- 1 Head of Delegation;
- 1 Team Manager;
- 2 Team Coach;
- 1 Interpreter;
- 1 Men's Team (male including juniors);
- 1 Women's Team (female including juniors);
- 2 Additional Junior male competitors;
- 2 Additional Junior female competitors.

Add two coaches – many teams have two coaches, and especially if they have female and male team

7.3.2. At World Cups in Style and/or Accuracy (not on Championships) the maximum number of competitors and Coaches/ Interpreters is doubled:

- 2 Team Coaches;
- 2 Interpreters;
- 2 Men's Team (male including juniors);
- 2 Women's Team (female including juniors);
- 4 Additional Junior male competitors;
- 4 Additional Junior female competitors

More possibilities for the NAC and organizer to have more participants

7.5.3.1. The Overall World / Continental Champion Nation, separate for men and women, is the nation with the lowest total, calculated as the sum of the four best numerical placings in the individual overall ranking of Team Style and Team Accuracy Landing ranks. ~~All team members who don't participate in the Style Event receive the score of 16.00 seconds as a virtual score for the first and second round the four best numerical placings in the separately calculated virtual team style ranking are added in order to get the team style ranking. Only members of teams participating in team accuracy (with a minimum of four participants) will be considered.~~

~~This score is only used for the virtual team style rank to then add the team accuracy rank after all completed rounds and by that to calculate the Nations (team) Overall.~~

Only teams participating in the Team Accuracy and Style competition with at least 4 competitors will be considered.

No virtual results. All and only competitors who jump have a result.  
There is an overall ranking for nations who have teams with at least 4 competitors.

We cannot accept a situation like the one which occurred in 2024, where Female Tehek Republik was 2nd without doing Style before the Romania which performed in Style.

Why a team can be considered in an overall ranking for 2 disciplines when it doesn't participate to one of them (ex. Parachute-Ski, they need to do both AL and Skiing,...)?

7.5.5 The usual timetable for the competition has to be chosen between one of the 2 below (7.5.5.1 or 7.5.5.2):

7.5.5.1.

- Day 1 : arrival,
- Day 2 – 6 : competition,
- Day 7 : competition, closing ceremony,
- Day 8 : Departure.

Trainings jumps on... days prior and/or on the official arrival day as stated in The Bulletin 1.

Arrival day is day 1. 1st Team Manager Meeting is held in the evening (7 pm) of the official arrival day.

Accuracy Landing and Style competition jumps (day 2 – 6) Competition jumps end at day 7 latest 3pm.

Departure day is day 8.

7.5.5.2

- Day 1 : arrival (and possibility for the 1st Team Manager Meeting),
- Day 2 : 1st Team Manager Meeting (if not already done) and beginning of Style competition,
- Day 3 – 4 : Style competition,
- Day 4: arrival Accuracy competitors, 2nd Team Manager Meeting for AL and opening ceremony,
- Day 5 – 7 : Accuracy competition,
- Day 8 : Accuracy competition. 5 PM (to be defined) end of competition and closing ceremony.
- Day 9 : Departure.

Possibility to continue with Style from day 4 to 8, only if weather conditions prevents to perform the Accuracy **and** if the minimum rounds for Style have not been done. To be precised in the Bid 1.

Trainings jumps on... days prior and/or on the official arrival day as stated in The Bulletin 1. Arrival day is day 1.

1<sup>st</sup> Team Manager Meeting is held in the evening (7 pm) of the official arrival day **or in the morning of the Day 2.**

7.5.5.2 becomes 7.5.5.3

New program: saving time and money for AL competitors and for the organizers:

- saving costs with specific A/C blocked for a limited time, same for the judgement cells and technicians.
- we can keep the same college of judges for Style, then for AL.

Organizer can use the same drop zone and Aircrafts organization is simpler.

Proposed timing: 3 days for Style + 4 days for Accuracy.

Organization of the competition is simpler (1 discipline only at the same time)

Rhythm of the competition is similar for males and females.

No issue for minimal time between 2 jumps.
