## Subcommittee F3 Radio Control Aerobatics Report 2014

Dear all,

Munich, Nov 07, 2014

the Subcommittee F3 Radio Control Aerobatics has worked actively in a very cooperative way, with a number of results achieved during the last year's periode:

- Review of Subcommittee members before May 1st (currently 21 members).
- Various spot meetings with Subcommittee Members and members of the „Judges' Forum“ during the F3A European and Asian-Oceanic Championships 2014.
- Strong support of the Thai organiser of the F3A Asian-Ocenic Championship 2014.

For the coming weeks and months the Subcommittee work will adress:

- Development of „Airsport Promotion“ formats within aerobatics.
- Push on the introduction of R/C equipment featuring „FAI-Mode“ settings in order to avoid the use of non-permitted functions.

The F3A European Championship 2012 at Bendern, Liechtenstein was a perfectly organised and very exciting event, as was the F3A Asian-Oceanic Championship at Pattaya, Thailand. For further details, please refer to the respective Jury Reports.

Thank you for your attention.

Best regards

*Michael Ramel*

CIAM Chairman Subcommittee F3 Radio Control Aerobatics
